Maple City Theater-Goers Desire a New Play House.

Special to the Scranton Tribune.

HONESDALE, Pa., Feb. 7.—This village is happily blessed with many features that make it a pleasant abiding place for its residents and an enjoyable resort for visitors. But withal there is one thing lacking in the amusement line that is much desired by our people, and it is hoped that some enterprising person will soon come forward and erect the long wished for opera house.

At present there is no theatre here where every man, woman and child can go and feel that the evening is pleasantly passed. A theatre properly and pleasantly run would be a paying investment. The first dose of the former returned the answer that it would be like all the rest of no good; but on my account, she said she would try it, so I got one bottle each and before she had used half of a bottle she felt that it was benefiting her, and she has continued to improve ever since, and now thinks it the most wonderful remedy on earth for her sex, and recommends it to all suffering females. She has not been so well in ten years."
